

Knowledge Test Study Guide

Here are a few ways you can study for the knowledge test:

1. Study the [Washington State Driver's Guide](#). This is the document the test is based on. We've compiled a list of [Numbers to Know](#) that you should study. There will most likely be at least 4-5 road signs on the test, 2-3 questions regarding alcohol and driving and 1-2 questions on drugs/marijuana. Also, the term "inattention blindness" means distracted driving.
2. Take the [DOL Practice Test](#). There are five questions that will give you an idea of how the test questions are formatted.
3. Take a [Free Practice Test](#) with more questions than the DOL practice test (only do the free tests – if you need more help see the Knowledge Test Prep course below).
4. Enroll in our online [Knowledge Test Prep](#) course for \$23.50. This course focuses instruction on the Driver's Guide concepts and includes over 100 test questions to ensure you've learned the material and will later pass the Knowledge Test on the first attempt.

Please Note: The Washington State Knowledge Test has 40 questions on it and you must score at least 80% to pass.

After passing the Knowledge Test, you'll be eligible to take the driving Skills Test. Watch videos about what will be tested in the [Skills Test Here](#).
